

Bonded ADSL

What option can Uniserve bonded ADSL be offered?

Uniserve's bonded ADSL solution comes in a variety of sizes, between two and eight ADSL connections can be bonded.

How redundant is Uniserve bonded ADSL?

GRE, along with per-packet load balancing, provides a reliable mechanism to deal with single line failures. If a tunnel should fail due to the associated ADSL circuit and/or ADSL modem failing, the tunnel interface shuts down and load balancing occurs over the remaining ADSL links and their associated GRE tunnels.

How Uniserve delivers bonded ADSL?

Bonded ADSL is delivered over multiple ADSL modems and a CPE-based Cisco router. This equipment is placed on the edge of the subscriber network, in the home or office adjacent to the phone line connections and will not interfere with communication inside the customer SMB network. Installation of the bonded ADSL solution is carried out by a qualified engineer and is fully managed by Uniserve.

Enterprise - 6/2 MB ADSL	Extreme - 12/2 MB ADSL	Plans Include:
<p>Bond 2 x 3MB ADSL Lines</p> <ul style="list-style-type: none"> • \$250 monthly • \$100 per additional line • \$250 Setup Fee • 6 MB Down and 2 MB Up 	<p>Bond 2 x 6MB ADSL Lines</p> <ul style="list-style-type: none"> • \$350 monthly • \$150 per additional line • \$250 Setup Fee • 12 MB Down and 2 MB Up 	<ul style="list-style-type: none"> • Fully Monitored Link • Bond up to 8 lines • Plug and play • Price includes all necessary equipment and lines • Response Time SLA

How it works

Uniserve's Bonded ADSL solution uses RFC compliant per packet load balancing across a broad range of hardware to deliver a best in class product. Data passed over the link is evenly distributed across all links instead of being distributed on a per session basis. This solution provides a best in class alternative to other high bandwidth choices and is ideal for commercial applications. The solution is transparent to the end user and fully supports all standard IP networking systems and requirements.

Our Company

Uniserve is a publicly traded company listed on the Canadian TSX.V exchange under the trading symbol (USS). If you would like to obtain more information on Uniserve, please do not hesitate to contact investor relations at 604.647.0612.
